EXCLUSIVE RIGHT OF BURIAL

42. Grave spaces are only available, for the purchase of Exclusive Right of Burial, at the Cemetery and in accordance with these Regulations and

the scale of fees and charges applicable to such purchase at that time. Each applicant will be issued with a copy of the Great Malvern Cemetery Rules and Regulations booklet, which will be sent out with the Deed of Exclusive Right of Burial.

43. All such private graves will be initially excavated to the standard depth decided by the Council, for that particular section of the Cemetery, and the interment fee will be charged accordingly.
44. New lawn and C. A. graves will normally be allocated in strict rotation within each section. A grave other than in rotation may be subject to the discretion of the Council. Plans showing the grave spaces are kept at the Cemetery Office, where they may be seen during normal office hours, upon application from the cemetery staff. Records dating before 1950 are kept by the Worcestershire Archive and Archaeology Service in Worcester.
45. The Council cannot be held responsible if, due to factors outside their control, the full number of interments in a grave cannot be achieved.
46. A grant of Exclusive Right of Burial is for a period of 75 years and confers no other right than that of burial, and each applicant for Exclusive Right of Burial must confirm receipt, in writing, of the Deed of Grant.
47. No pre-purchasing of graves is allowed at the Cemetery.
48. Any transfer of ownership of Exclusive Right of Burial will be subject to the production of satisfactory evidence of title and the approval of the Council. Such transfer must be registered in the records of the Cemetery and the Deed of Grant of Exclusive Right of Burial must be produced for endorsement at the Cemetery office and the appropriate transfer fee paid.
49. No new vault will be permitted to be constructed in the Cemetery.

MEMORIALS

50. A monument or memorial may only be erected on a grave space within the Cemetery in accordance with these Regulations and upon payment of the appropriate fee. The right to erect a monument or memorial will be for the un-expired portion of the Grant of Exclusive Right of Burial.
51. Permission to erect, reinstate and add further inscriptions to a memorial can only take place with the grave owner's permission or with the agreement of proven representatives.
52. The erection of a monument or memorial on a public grave will be subject to the discretion of the Council and in accordance with these Regulations and upon payment of the appropriate fee. Where

permission is granted to erect a headstone upon a public grave, it will be subject to the right of the representatives of other persons interred in the grave to have those persons commemorated thereon. As there is no right to erect a monument or memorial on a public grave, such monument or memorial does not in itself confer any rights and remains at the pleasure of the Council.

53. Application for approval to place a new monument or memorial in the Cemetery, alter or add to any inscription or replace, add to or remove from the Cemetery any monument or memorial must be submitted to the Council.
54. Such notice must be submitted at least two weeks in advance of the proposed date of erection and must include:

 - c) Any text to be cut upon the monument/memorial or any text to be altered or added to any existing monument/memorial and the method of lettering;
 - d) The name, address and signature of the person placing the order for the monumental work to be undertaken who should be the owner of the Exclusive Right of Burial. If such owner is deceased the applicant must state their relationship to the deceased owner. If the owner is alive but is not making the application, the applicant must provide a letter signed by the owner confirming and authorising such an application;
 - e) The name, address and telephone number of the monumental mason.
55. The approval of the Council for any such application will be confirmed by the issue of a Monumental Permit, valid for a period of three months. No work should be undertaken until the permit has been issued. Any such permit is issued on the understanding that the work undertaken will fully comply with the details of the application form and the requirements of these Regulations. Any work that does not so comply will not be permitted to remain in the Cemetery. No permit is required for cleaning only, up-righting and re-levelling, repair of existing lettering, or painting of existing inscriptions unless the monument/memorial is to be removed from the Cemetery.
56. Memorials on lawn graves cannot be erected within 3 months of burial.

57. All new monuments and memorials shall comply with the National Association of Memorial Masons (NAMM) *Memorial Specification Guide* to be read in conjunction with NAMM *Recommended Code of Working Practice*¹ and the following, as appropriate:

Such a memorial may be used as the only memorial marking a private grave;
- d) Figures may only be constructed of either natural stone or reconstituted natural stone, provided the stone is not covered, coated in plastic, gilded, glazed or painted. Such figures may only be affixed to the base or to a niche or to a ledge of a headstone and should not exceed 15" high or overhang the perimeter of the base;
- e) The dimensions (imperial or metric equivalent) of the monument or memorial shall be as follows:

The Council reserves the right to remove any monument or memorial, which has become dangerous or unsightly.
